PROFILE

An experienced frontend developer specializing in dynamic and user-friendly web applications and websites. Has a keen eye for design details and a passion for clean and maintainable code. Delivers high-quality solutions that meet both user needs and business objectives.

WORK EXPERIENCE

MID-LEVEL FRONTEND DEVELOPER

White Cloak Technologies Inc.

October 2021 - Present

- Develops innovative, scalable, and fault-tolerant software solutions for our real estate clients and for one of the biggest banks in the Philippines.
- Contributes production-ready code that is clean, reusable, easy to understand, and easy to change.
- Conducts code reviews, testing, and debugging to ensure software performance.
- Helps facilitate agile software planning and development activities such as daily standup meetings, sprint plannings and reviews; and contributes ideas to create the best solution for the project requirements.

DIGITAL WEB/OPERATIONS ASSISTANT

Emapta - Digital Boomerang

May 2021 - October 2021

- Maintained multiple microsite across different CMS platforms.
- Performed debugging/user testing ahead launches.
- Performed 404 error checks and fixes using Screaming Frog.

WEB DEVELOPER

LH&Creatives Inc.

May 2018 - April 2021

- Developed and modified dynamic websites using Wordpress.
- Implemented SQL queries.
- Experienced working with CSS Preprocessor such as SASS and Foundation using BEM Patterns and FLOCSS.
